What do we treasure?

Things that we treasure are things that are special to us. This may be our family and friends, but might also be a particular item. It might be gift you received once or something that you made that you are proud of.

The world's treasures.

When God created the world, he made us a treasure. He made and gave us light, water, plants and animals. He gave us each other. These treasures are important, they provide us with food and drink. They keep us safe and protected. They make us happy and healthy.

Dear God,

We praise and thank you for the world and all the treasures you give us. Help us to look after and care for all these treasures. We pray for those who do not have as many treasures as we do.

Amen
