

London Knowledge Organiser

Prior Knowledge:

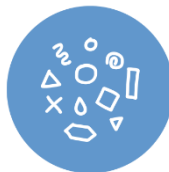

I know that London is the Capital City of England. I know some landmarks there, for example: Big Ben, Tower Bridge and the River Thames.

Location

London is in the south east of England. England is one of the countries that make up the United Kingdom, which is in the continent of Europe.

London has some of the richest people in the world living next to some very poor people. For example some of the banks in Canary Wharf where millions of pounds are made every day are next to small houses where people have low incomes.

Diversity

Sticky Knowledge:

I know when London was built, the River Thames was important for transporting goods.

Physical features
