

### Class 3

Your teachers are **Mrs Scott and Mrs Holmes** 😊

Your Teaching Assistant is **Mrs Hussain** 😊

### A big thank you!

First, may we take this opportunity to thank you all for your continued support so far this year. We are incredibly proud of every child in Class 3 and continue to be amazed by their progress already, especially in writing!

**After a well-deserved Easter break, we return to continue on our learning journey. Below you will find lots of information as to what is to come during the Pentecost term.**

### Our Curriculum

As we enter the final term of our academic year, we will continue to consolidate and deepen our learning since September across all areas of the curriculum, which is in line with our cognitive load theory-based approach to learning. As before, you will notice that we will continue to re-visit our learning regularly in the hope that 'little and often' helps learning to stick.

### Class Website Page

As always, our class page is where you can keep up to date with everything happening in school.

<https://www.stgeorgesderby.srscmat.co.uk/parents/class-pages/class-3/>

### Homework

Homework continues to be set on a weekly basis. It will be set on a **Monday** and collected in on the **Friday**. All homework is to be completed in **pencil** please and in your homework book.

### Reading Books

Reading books will continue to be changed and monitored by your child's RWI teacher. The changing day for these will still vary depending on their RWI group. We still expect children to read daily at home to an adult. Please **sign and date** the reading diary to show that you have read with your child. As previously mentioned, please do not be alarmed if your child can read their book 'easily'. This is the point. We are encouraging children to become fluent readers; re-reading a book they are familiar with develops fluency. Remember that knowledge organiser count towards their 5 x reading in a week!

### Open Door Policy

As always, we will continue to operate an open door policy should you wish to speak to your class teacher. This could be face to face or through the class email addresses. We will endeavour to help and support you wherever we can.

## **PE**

Our PE days are still **Tuesdays and Fridays**. Please make sure your child has all the appropriate PE kit, including: shorts, a house-coloured t-shirt, black tracksuits and appropriate black footwear; all PE kit **MUST** be named. They may also bring a hoody/jumper in their house colour for those colder winter months. Please also make sure that **no earrings** are worn on PE days for health and safety reasons.

## **The Curriculum**

## **RE**

Our RE topics will continue to now follow the revised RE Curriculum 'To know you more clearly'. This term, we will focus on learning about the events after the Resurrection and Ascension; Pentecost; the work of the Apostles and the early Church; how the Catholic Church is the Apostolic Church and how its liturgy and structures flow from the early church. In Pentecost 2, we will then move on our religious dialogue as we encounter more about Judaism. We will also have a focus week on another World faith which will be 'Islam'. We will continue to develop their skills in planning and leading Child Led Celebrations of the Word with Mr Lowson and we will be working hard to follow our Gospel Values. We will also continue to take part in 'Visio Divina' sessions on a fortnightly basis. During these sessions, we will work through a piece of religious artwork together to discuss, reflect and journal what it might mean to us.

## **Reading, Writing and Maths**

Read, Write, Inc is proving to be extremely successful and it is also really fun for the children too! We have been working hard to recognise our 'special friends' in both real and nonsense words to help us to read words accurately. There will, of course, be a huge push on with our phonics as we speedily head towards the phonics screening check in June.

We are looking forward to continuing with our Talk for Writing lessons in Year 1. Our next model text will be 'The fish who can wish'. We will continue to help develop your child's writing and reading as well as motivate and encourage your child in an active, creative approach. After half term, we will look at the differences between fiction and non-fiction, around the tale, Billy's Beetle.

In Maths, we will be looking to develop your child's skills in addition and subtraction with the support of physical and concrete apparatus such as cubes, blocks and number lines. We will also be revisiting multiplication and division regularly as we look to develop our ability to be fluent in these calculations as well as develop our ability to apply this in different contexts. Your support at home to challenge your child to deepen, reason and apply their knowledge would be greatly appreciated.

Throughout our Outer Numeracy weeks over the Pentecost term, we will be looking at explaining data, time, money, fractions and shape. Once again, your support with this topic would be fantastic. If you have any left, split those Easter eggs into quarters and thirds and ask your child to help you at the shops so that they become more familiar with money. Finally, continue to discuss the names of as many different shapes as possible, both 2d and 3d and begin to look at quarter past and quarter to when reading the time.

## **History/Geography/Science**

Our History topics for this term will include learning about the comparisons between Florence Nightingale and Mary Seacole, followed by learning about the Plague. We will then revisit our

previous learning to secure the knowledge into our long-term memory. In Geography, we will revisit our learning about England; Northern Ireland, Wales and Scotland and the Continents and Oceans of the World.

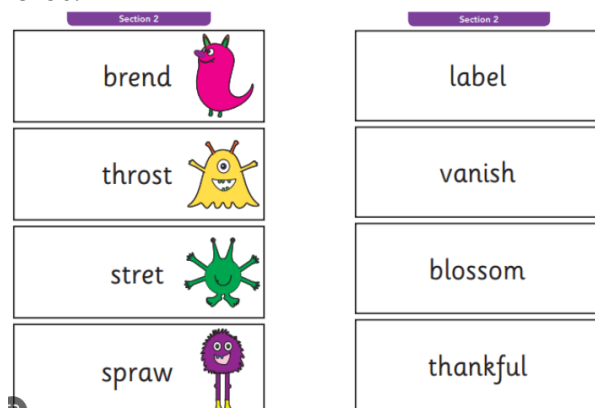

For Science, we will revisit our understanding, knowledge and skills about plants, animals, healthy living and materials.

### **RSE, Caritas and PSHE**

We will also continue working on a 3 week rolling programme to match our focus weeks alternating between Relationship and Sex Education, PSHE and Caritas lessons (for Catholic Social Teaching). We will look in more depth at the Trinity, Growing in our World, the communities we live in including the jobs people have and their importance, keeping healthy and safe and learning from God's creation.

### **Phonics Screening Check – w/c 8<sup>th</sup> June 2026**

This year's Phonics Screening Check will take place across the week commencing 8<sup>th</sup> June 2026. During this time, each child will spend time with Mrs Scott and/or Holmes reading a mixture of real and nonsense words to check their sound knowledge. This is part of normal practice for your children and won't be out of the ordinary for them. We would appreciate your support by practising their sounds in the front of the homework book daily alongside seeing these sounds in both real and 'alien' words.

### **Key Dates for Class 3**

Our next Celebration of the Word is quite soon! It will be on Thursday 30<sup>th</sup> April. Once again, you will have the opportunity to stay behind afterwards – it happens to fall on a computing week once again!

We will also be having an exciting trip to Peak Wildlife Park to coincide with our learning about animals on Wednesday 24<sup>th</sup> June. You should have already received initial correspondence from the office, but more detail will follow in the new term 😊

We are really excited for yet another exciting and busy term! We hope you are too!

Mrs Scott, Mrs Holmes and Mrs Hussain 😊
